Objectives

I am looking for the opportunity to enhance my knowledge as a Digital Artisan, Web Developer and Software Programmer.

I found that ,attending Nashville Software School, I have been very much enjoying the visual aspect of Web Development. I am looking to find a position that takes advantage of my skills and passion for Digital Design and Programming.

Personal Profile

I am a native of Louisiana. Born and raised in the outskirts of New Orleans, LA. I relocated to Nashville to pursue a career in Web Development and am very motivated to do so. Currently, I am attending Nashville Software School, to gain further knowledge of Software Development, and will be graduating in July. I have always been a motivated person and have great relationships with all persons that I encounter. I love being creative and using my imagination to create profoundly awesome designs and layouts. I love to paint in my spare time and enjoy helping others.

Technical Knowledge

KNOWLEDGE OF THE FOLLOWING PROGRAMMING LANGUAGES, FRAMEWORKS, AND CONCEPTS:

HTML5	CSS3	jQuery	Git	Javascript
JADE	LESS	Lo-Dash	AJAX	Ruby
Bootstrap	Vim	Atom	Brackets	Sublime Text
Grunt	Firebase	JS Hint	Foundation	Command Line

Education

JANUARY 2014 - PRESENT

***Nashville Software School** - Nashville, Tennessee

Web Development Foundations - completed in April, 2014

This course focused on the core front end or client side technologies used to develop modern web applications. This course sets the stage for ongoing concentration into programming of more complex applications, mobile apps, and other foundational guidelines for future training courses.

Software Development Foundations - graduating in July, 2014

This course focuses on core technologies used to develop the back end or server side of modern applications. I am currently learning one of the most popular modern development frameworks while designing, building and delivering working applications.

This course combined with the web development foundations that I have recently completed will allow and expose me to the "full stack" development of web applications from controlling the styling the user sees to building the functional logic and database structures that are necessary.

JUNE 2012 - AUGUST 2012

***Delgado Community College** - Covington, Louisiana

Core basic studies with a concentration in technology.

MAY 2012 - GRADUATE OF

***Mandeville High School** - Mandeville, Louisiana

Experience

THE FRESH MARKET SUMMER 2011 - DECEMBER 2013

*Part-time Cashier, courtesy clerk and stock clerk.

Worked to save money for college.

CRACKER BARREL SUMMER 2011

*Part-time Assistant in gift shop and stock clerk.

Worked to save money for college.

Extra-Curricular Activities and Awards

Played as an extra role in the hit TV series, **American Horror Story Coven**. Filmed in New Orleans.

Volunteered for the **New Orleans Film Festival** 2013.

Played **Baseball** and **Lacrosse** during High School.

Received scholarship award for \$2000.00 from the **Greater Mandeville Police Foundation Board** in 2012 after High School. One of three students chosen by Principal of Mandeville High School for Technology Studies.
